**PETITION TO MAKE SPECIAL UNDER 37 C.F.R. §1.102(d)**

Dear Sir:

This is a Petition to Make Special the above-identified patent application enclosed herewith. The grounds and conditions for granting this application special status are found in Manual of Patent Examining Procedure §708.02 VIII entitled "Special Examining Procedure for Certain New Applications--Accelerated Examination."

The Petition Fee required pursuant to Rule 1.17(i)(2) is enclosed.

As provided for in Manual of Patent Examining Procedure §708.02 VIII, Applicant agrees to the special examining procedure detailed therein. In support of this Petition, Applicant submits the Declaration of Matthias Scholl referring to:

- (a) The results of a pre-examination search which was made in connection with the invention;
- (b) Each of the references found upon search deemed most closely related to the subject matter encompassed by the claims, with copies thereof attached;
- (c) A detailed discussion of the references, which discussion points out, with the particularity required by 37 C.F.R. §1.111(b), how the claimed subject matter is distinguishable over the references; and
- (d) The agreement of the Applicant to limit examination of this application to one invention, namely the amplifier and the method encompassed by Claims 1 through 8.

Accordingly, Applicant requests that this Petition to Make Special be granted and the application undergo accelerated examination.
